ICS – Initial Contract Services
1251 Marietta Boulevard
Atlanta, GA 30318

Dear Moore,

Since I moved to Atlanta eleven years ago I have flown in and out of Atlanta Hartsfield Jackson International Airport 3-4 times every month to well over 80-100 other airports around the country and the world.

On the morning of each week that I walk though Atlanta Hartsfield Jackson International Airport to head out to a new destination I marvel at just how beautifully it truly does sparkle 'Opening Day Fresh'. I cannot think of another airport in the world that I have been to that comes anywhere close.

That is only made possible by the tremendous work of all of those who clean and maintain the facility 24/7. So I have written this letter to share my admiration and appreciation to all of you for that. Thank you all so much for making it the best airport to be a passenger in and to show off Atlanta to so many in such a positive way.

Best regards,

Jon T. Gabrielsen
